

## Armed Forces Reserve Center

*Location: Muskogee, Oklahoma  
Owner: Oklahoma Army National Guard  
Reference: Richard Brooks, PE  
Plans & Constr. Branch Chief  
(405) 228-5108 (office)  
Project Budget: \$24M  
Completion: December 2010*

Pinnacle Energy Services provided enhanced commissioning services for this LEED-NC Silver 100,600 SF facility completed in December of 2010.

The facility is jointly occupied by the Oklahoma Army National Guard (ARNG) & United States Army Reserves (USAR) and incorporates the latest Anti-Terrorism and Force Protection (AT/FP) requirements set forth by the Department of Defense.

Capacity is for 520 military personnel who are served by a primary campus building that features a full kitchen/cafeteria, locker spaces, class rooms, arms vaults, exercise areas, and numerous office and break-out rooms.

The main building

utilizes a variable volume central plant with a complete DDC control system. A vehicle maintenance building with vehicle exhaust removal system is also located on the site.
